1. [List what learners are expected to learn by the end of the lesson. Lesson-level learning objectives should be measurable and aligned with program outcomes.]
2. [List the Lesson-level learning objective.]
3. ...

## F. Lesson Resources

[List the types and number of all resources in the lesson.]

- 

## G. Applications

[List the type and number of all applications for the lesson.]

- Discussion: <Name of Discussion>
- Interactive Quiz
- Application: <Name and Type of Application (Paper, Web Posting, etc.)>
- Group Project:
  - Tasks:
    - Each student individually should:
    - The project team should then:
- Module Reflection
- Final Assessment

## H. Evaluation Procedure and Criteria

[List all evaluation procedures as points and percentages. Establish a passing grade and explain rationale for a passing grade.]

Evaluation Procedure	Points	Percent
Discussions (# @ ## points each)	### points	##%
Interactive Quizzes (# @ ## points each)	### points	##%
Applications [Application Types and Titles] (# @ ## points each)	### points	##%
Group Project (# @ ## points)	### points	##%
Module Reflection (# @ ## points)	### points	##%
Final Assessment (# @ ## points)	### points	##%
<b>Total Available Points for Module</b>	<b>600 points</b>	<b>100%</b>
